PROFESSIONAL SUMMARY

Frontend Engineer with 3+ years building responsive, high-performance web applications using React, Next.js, TypeScript, Tailwind CSS and SCSS. Currently at Xown Solutions, translating design prototypes into scalable, production-ready interfaces. Focused on performance, cross-browser compatibility and clean component architecture.

WORK HISTORY

Frontend Engineer, 03/2025 – Current
Xown Solutions, Lagos, Nigeria

- Built and maintained responsive, high-performance web applications using React, Next.js, TypeScript, Tailwind CSS and SCSS.
- Translated design prototypes from the product design team into reusable, scalable frontend components.
- Delivered production client platforms including 24/7 Travels, Beviham, Barlanti and Moores Energy.
- Optimized application performance and ensured cross-browser compatibility across supported devices.
- Collaborated with product designers and fellow engineers, applying consistent coding standards to ship production-ready features.

Stack: React, Next.js, TypeScript, Tailwind CSS, SCSS, Git

Web Developer Intern, 07/2023 – 09/2023
SQI College of ICT, Ibadan, Nigeria

- Developed responsive web pages with HTML5 and CSS3, reducing CSS file sizes and optimizing images to improve page load times.
- Debugged cross-device and cross-browser issues alongside the development team.

Web Developer Intern, 08/2022 – 10/2022
Valuemax Communications, Ibadan, Nigeria

- Built engaging, responsive landing pages with the web development team, applying responsive design and user-friendly interface practices.
